

Bullion is used as an indicator of the wealth possessed by a nation . But in recent times, gold prices are on an upswing and are making new peaks which shows that gold prices have moved against the historical trend.

Even in this volatile market **RiddiSiddhi Bullions Limited (RSBL)** has maintained its positions as one of the largest bullion dealers in India for the last financial year 2007-2008.

I would like to highlight a few of our remarkable achievements :-

1) RSBL launched India's 1st State of the art electronic over the counter bullion trading platform called RSBL SPOT

(Spot Precious Metals Online Trading ) on 12th of March 2008.

2) RSBL SPOT has recorded a delivery volume of approximately 13 tonnes since its inception. It has also made a mark by

hitting the highest delivery volumes of 302kgs in a day, till date

3) RSBL SPOT already has 400+ registered clients.

4) While RSBL SPOT is running successfully all over, RSBL took a step further by launching RSBL SPOT MOBILE, i.e.

India's 1st Electronic Mobile Trading Platform on the 21st of September 2008.

5) RSBL has expanded its business by launching in major trading centers, viz, Mumbai, Hyderabad, Ahmedabad, Vijaywada, Chennai and Coimbatore.

6) RSBL is an 'Authorized Participant'(AP) of all Exchange Traded Funds (ETF's) in India and has been one of the active creators and redeemers of ETF's.

7) RSBL is also dealing in pure gold & silver coins. Till now we were offering pure & silver coins of only .999 purity; now we have started dealing in gold coins of .995 purity also.

In near future, RSBL plans to expand its business by launching RSBL SPOT in major trading centers; RSBL SPOT prices will soon be benchmark prices as it cuts all possibility of undue speculation with consistently increasing volumes, RSBL is confident of maintaining its leadership positions.

I would like to acknowledge the driving force behind the company's success- consistent teamwork of my employees. Together with our shared value systems of commitment to quality, contentment for customers and the spirit of innovation and improvement we have been able to build bonds with our customers, dealers, bankers and employees who have reposed their trust in us and given us their constant support.

Thanking You,  
Prithviraj Kothari  
Managing Director  
RiddiSiddhi Bullions Ltd
